Gentlemen:

Please consider this email and the two attachments as Addendum 2 to MTD's Bus Battery Trays Invitation for Bids.

The first attachment is the revised Bus Battery Trays IFB packet which fully incorporates the changes from both Addendum 1 and Addendum 2. Please use the forms from this document for your bid submittal.

Also attached is a [red-lined](#) version of the Solicitation Instructions and the Scope of Work highlighting the addendum changes. Note that the SOW drawings and the Master Agreement are not included as there were no changes to these documents.

Both documents are also available on MTD's website at <http://www.sbmtd.gov/business-and-employment/active.html>.
